Private sale- chrome bumper MGB V8 Roadster Conversion

Private sale – MGB V8 Roadster Conversion

Export model reimported in 1995. Body very sound although an older restoration. Many new parts have been fitted since I have had the vehicle including a new grill, bumper, 15 inch Minilite wheels, and most of the hydraulics have been changed. The engine is a P6 Rover unit with Holley carburettor. The gearbox is Rover 5 speed and an MGC rear axle. It has 7 months MOT. Unfortunately there is no history with the car as this was lost in transit when reimported. **£15,750.**
