

Private sale – Factory ex RB 1975 MGBGTV8 in stunning Flamenco Red

Factory ex RB 1975 MGBGTV8 in stunning Flamenco Red with a Heritage Certificate. Recorded mileage is 82,000. This car had a nut and bolt restoration in 2010 which also included an engine rebuild. We purchased the car in 2017 when it had only done 3,500 miles since the rebuild. The car has seen very little use with a further 600 miles since we purchased it from a dealer that only deals with MGBs. During the restoration the car was fitted with a full Sebring body kit, MGBC bonnet, adjustable Koni shock absorbers and genuine Minilite 8Jx15 Alloys with new Pirelli 235/60/15 tyres. The interior was refurbished to original spec with black leather seats. A bespoke performance exhaust system is on the car but I recently purchased a new stainless steel performance system through the MGOC spares department. This will be a quieter system that can be fitted at the new owner's discretion. There are new full harness seat belts which I removed, and a Hamilton all weather tailored car cover to protect the stunning paintwork. The underside of the car is as clean as above with no black underseal hiding anything. We are selling because we now have extensive travel plans for next three years . **Price £24,500 ono.**
