Trade sale - reimported Japan spec RV8 in Nightfire Red

Nightfire Red 1392 is one of only 108 cars made in this colour, with low mileage at 36,000m (58,000km) supported by an export certificate and service history to 54,000km. Bodywork in beautiful condition, however there are a few minor stone chips on the bonnet which have been filled in. A new Varta battery and new Pirelli P6s on the rear of car have been fitted. The interior of the car (seats, door cappings, full leather trim, and Motorlita steering wheel) is in excellent condition. The dashboard, however, has some slight crazing. Complete with tonneau cover and storage bag; full tool roll, unused spare wheel and tyre. Also included is a jack and wheel brace with wheel chocks, Heritage Certificate and spare keys. Sold with new MOT and new MPH speedo head. Any inspection welcomed. **Price: £17,500.**
