

## Costello MGBGTV8 for sale

### Private sale - Costello MGBGTV8

Harvest Gold 5015 registered in 1971 (K) and converted from new by Costello. Recorded mileage is 35,000 with all documentation. The car has been in storage and unused since 1985. Believed originally owned by a director of Patrick Motors in Birmingham, with a second keeper from 1975 to 1978, at which point I bought it with around 16,000 miles on the clock. The car was in constant use until being laid up in favour of a motorcycle and larger family car. While I used it, the engine had a full strip and rebuild, and it had various body panels replaced. My intention was always to restore the car to its original condition, however changes in personal circumstances mean this is no longer possible. Best described as condition 3. Asking price is **£3,000**. (16.2.09)

Contact the V8 Registrar at [v8registrar@v8register.net](mailto:v8registrar@v8register.net) or **0208 392 9434** who will ensure all enquiries are forwarded to the advertiser, Dave Fitzpatrick. Location: the car is located in Bournemouth

For callers from outside the UK call +44 208 392 9434
