

Photos of the new A/K-37 carrier aircraft

Great pictures, Boeing does it again, 3 Carrier Group and the Boeing 797. The aircraft in these pictures is still officially the 'Air Vehicle Number 1', a prototype, on board the USS George Washington CVN-73 for catapult fit checks.

Not exactly still Top Secret but certainly not yet made public. It will be known as the F/A-37. Although specs are classified, it is believed to be Mach 3.5 (top speed in the Mach 4 range) super-cruise stealth fighter - bomber - interceptor with approximately a 4,000nm range. Awesome!

Check out the Navy test pilot in the cockpit of the F/A-37...LT Kara Wade.
