

Private sale – Factory rubber bumper MGBGTV8 Press car for sale

Teal Blue 2101, the first production rubber bumper V8, is reluctantly offered for sale. This well known car was owned for many years by V8 Register Historian and Archivist, the late Geoff Allen, and latterly by his wife Jean. It passed to the present owner three years ago from Jean Allen. It was also a MG press car, featured in Autocar and on the 1976 Leyland Calendar, all of which are in the possession of the current owner. The car has been preserved exactly as Geoff had left it, with all his window stickers and a number of little touches that he lavished on it. There are some chrome-finished parts under the bonnet and chromed door latches, all part of the spec for the motor show cars. It has only 91,000 recorded miles. Taxed for 6 months with a new MoT. Offers around **£10,000**. (16.6.10)

Contact John Davies on **07789 883499**.
