

V8 Roadster for sale – Heritage shell and low mileage

Private sale - V8 Roadster built on a Heritage shell

Primrose 4266, a V8 Roadster built from a 1974 Factory MGBGT V8 (Chartreuse 1266), completely overhauled and re-bodied with a Heritage roadster shell supplied and painted by Brown & Gammons and retaining all the Factory V8 components, including engine, O/D gearbox, back axle, brakes and steering. Minilite wheels, adjustable telescopic shocks, primrose yellow paint, black leather interior and mohair hood. Unmarked "as new" condition. Has been in a private collection since it was completed in 2006 and regularly serviced by a marque specialist with all minor teething problems sorted. Regular but limited use, with only approximately 2,000 miles in total. As good a V8 Roadster as you'll find and as near to a Factory roadster as is possible. Only selling due to lack of space. Would cost over £20,000 to replicate today. Asking **£14,995** (15.2.10)
Contact: Roy Crosland on 07801 012848. Location: East Sussex.

Original Factory dashboard and radio console with new leather reclining seats.

Engine installation uses the original Factory layout with twin SU carburetors and air cleaners. (Photos: Roy Crosland)
