

Was the car built or first registered at least 40 years ago (on a rolling basis) and of a type no longer in production?

For further information on MOT exemption procedures see:
 List of our news items and articles on the topic: [index](#)
 Declaration of exemption from MOT with DVLA Form V112: [link](#)
 MOT exemption for Vehicles of Historic Interest: [article](#)

Note: you can only self declare the car MOT exempt with Form V112 when retaxing the car.
Important update: the Government agencies responsible for managing the MOT exemption changes have decided that it would be impracticable to introduce these changes following precisely what had previously been set out. They are **therefore effectively assuming that all 40 year old vehicles are exempt up to the time when their licence becomes due for renewal.**
