In-Car Audio:	AM/FM Stereo, Cassette Player	Service History:	Yes
Interior/Comfort Options:	--	Safety Features:	--

Offered for sale here is a superb, original, unmolested example of the ultimate MGB. It is a very rare 1973 FACTORY built BGT V8. According to research by the previous owner it is the 100th one ever built and the 87th car of the production line that was despatched on the 7/11/1973 to Lowdnes Garage in Carmarthen. The car is in superb original condition and has covered only 77,000 miles from new with reams of service history that show that the car has only covered 14,000 miles in the last 25 years. The mechanics, bodywork and interior of this car are all in all in excellent condition and would require minimum work to bring to concours. Over the years the car has benefitted from the edition of a stainless steel exhaust system which sounds fantastic, a "Spax" rear handling kit by Ron Hopkinson which transforms the drive of the car, genuine "mota-lita" steering wheel and numerous further replacement parts through the years that are documented with the car. This is a very rare car as there were only 1858 of these factory built cars ever made and they are the ultimate MGB that are superbly exhilarating to drive and sound fantastic.

All serious enquiries please tel. 01202 429999 or e-mail
