Victor Rodrigues, who runs the Swiss V8 group in Switzerland (SWISS-MGV8/IG), reports that they held the **traditional Autumn gathering** at his garage near Zurich on Saturday 24th October. Victor's garage is a remarkable place, full of MG memorabilia on the walls, and an ideal place for the group's traditional **Porto-Apéro** where they enjoy beautiful wines from Portugal. It was followed by a short country drive and lunch. They were very lucky with the weather - a beautiful sunny and dry Autumn day. Victor says "this time we welcomed a new member, Hermann Russ with his wife Anja and son Max, with his outstanding LHD-converted RV8, now living in Switzerland."
