

RV8 wins concours prize at European Event of the Year 2016 in France

The **Concours at European Event of the Year 2016 in France** was divided into three sections, Pre war, Post War and Modern. Roger Glover reports "we were very pleased that our RV8, "L200MGR", in British Racing Green, won the Modern section. Amazingly, we received numerous of prizes, consisting of: various polishes, drying clothes, four MG mugs, an MG rosette, dehumidifying clothes and a gallon of oil. Although we donated the oil to the BMC Abingdon Competition Truck. It was a lovely event held in Le Touquet. Congratulations to all the organisers".

Concours RV8 active in a track day

“Using and exercising the car, totally conflicts with entering concours events. I know some RV8s which only go the shows. However, I believe in using these wonderful cars so I was very pleased to win this Major European Concours award”.

Roger Glover says “as V8 enthusiast, I like to use the car. Three MGV8s participated in the track day at Abbeville, which was part of the EEOTY 2016. I believe in exercising these super cars. We have been on a number of these EEOTY events, including the one in Belgium in 2015 when we were based at Spa and spent a day on the track there - a wonderful experience.

We completed 1,743 miles on this French trip, including a visit to Holland to see some of our MG friends. Using and exercising the car, totally conflicts with entering concours events. I know some RV8s which only go the shows. However, I believe in using these wonderful cars, so I was very pleased to win this Major European Concours award. The EEOTY was attended by more than 368 MGs.”
