Lunch at the Restaurant Zur Linde.

Victor Rodrigues reports "the SWISS MGV8 I/G group held its **end of season get-together** on Sunday 15<sup>th</sup> October. After the welcome in our garage for the traditional Porto-Apéro, together with other members we took our V8s for a short drive in the countryside followed by a lunch at the restaurant "Zur Linde / Oberwil". The restaurant is near my garage which we have used regularly for our SWISS MGV8/IG get-togethers for many years. Unfortunately the weather was not so great this time, but with the good spirit of MGV8 friendship, interesting conversation and lunch it made a very nice farewell to the 2016 season!"

Below: farewell after the lunch – clearly in good spirits!
