

## MG-Triumph Show at Stoneleigh on Sunday 11<sup>th</sup> February 2018

**Eric Pfändler** came over for the Stoneleigh show by road from Zurich with several fellow MG V8 enthusiasts.

**Nic Houslip** looking zonked and glad to find a place to rest up with a cup of tea midway through the afternoon.

The **annual MG-Triumph Show at Stoneleigh** always attracts many overseas and UK classic car enthusiasts keen to visit the specialist traders' stalls, often successfully finding elusive spare parts. So many fellow MG V8 friends appear as you stroll around the display halls – John Cumming, Ian Ailes, Roger Parker and many more stopped to chat. Brown & Gammons had a large stand featuring the new MG SUV which was attracting a great deal of interest.

There is a **really a welcome cordial atmosphere at the Stoneleigh show** and it is clearly very popular as one of the first classic car shows of the year featuring MGs.
