## Private sale – rare MGBGTV8 ex-Police demonstrator in Police White

### 1973 MGB GT V8 ex-Police demonstrator - 0112

Early pre-production chrome bumper car (number GD2D1-0112 G). Ordered by BMC Fleet Sales for evaluation by the Police, this unique pre-production car was first registered on 2nd February 1973. The car was returned to the Factory later that year and sold as a private car.

More than £20,000 was spent on the car between late 2009 and mid-2013, including some new body panels, painted Police White (I have service sheets for all work). The car has been serviced annually ever since. MOT till May 2019. Full stainless steel Sport exhaust system, original lobster claw air filter holders and original steering wheel. The Dunlop composite V8 wheels are in excellent condition.

The car comes complete with all the Police equipment seen in the photos and is exactly how it looked in 1973. As well as a list of previous owners from new, the buyer will also receive a Heritage certificate, the original copy of [Police Review](#) from 17th August 1973 featuring the review of this car, magazines with articles about it and a Unipart parts catalogue for all MGB models up to 1976 including the V8. This car is very well known on the classic car and MG scene as well as at Police events.

You can read the full history and see more photos at <https://www.mgabingdon.org.uk/1973-mgb-gt-v8-ex-police-demonstrator/>
