Spares for Sale: pair of secondhand front wings for an MGB Roadster

Have bitten the bullet and bought a new pair of chrome bumper front wings for my V8 Roadster restoration and conversion project, so the existing matched pair of circa 1972-1974 MGB Roadster chrome bumper front wings are up for grabs. They are not perfect, but pretty good compared to those I have seen on eBay. They were stripped, bead blasted, repaired and acid etch primed, but some very minor remedial work remains to be done. I have a large cardboard shipping box to take both wings which should ensure damage free delivery. Contact for me for P&P cost for delivery.

Price £300 the pair or £160 each for separate sales. Free delivery within 50 miles of Teesside.
