Private sale 1972 Tartan Red chrome bumper MGB V8 Roadster

I rebuilt this car over a 3 year period, 1997-2000, on a Heritage shell with a new 4.6L V8 engine from RPI, and a reconditioned 5 speed gearbox. It's covered 19,600 miles, and only 50 miles since the last MOT. Many extras too many to mention them all.

An RV8 front cross member and twin pot calipers, Hoyle independent rear suspension with disc brakes. 15 inch alloy wheels. Edelbrock carburettor with twin plane manifold, Mallory twin point distributor, aluminium radiator with twin electric fan, Stage 1 heads, stainless side windows, stainless exhaust and MG rocker covers.

Some photographic rebuild history. Tax exempt. Always garaged, Condition 1-2, needs some very minor cosmetic work, but perfectly usable. Registration plate BBD 181K. Very quick already, but would benefit from a tune up. **£19,450.**
