Victor Rodrigues reports the SWISS MGV8 I/G “had our first get together on 22nd June and had for the first time the Swiss Sunbeam Tiger Owners as our guests. Although two different technical packages under the bonnet (Buick-Rover and Ford), the atmosphere between these two SWISS V8-Groups was a very pleasant. We experienced the start of a friendly relationship.

A photo report is already available on our website at: WWW.SWISSMGV8.CH under Gallery, Pictures.

The day started in my Garage with a welcome Apéro, followed by a drive in convoy to Mühlhausen in Germany (at lake of Constance) having lunch and visiting the very impressive Auto & Tractor Museum in Mühlhausen (D). Crossing the lake of Constance with the ferry-boat back to Switzerland we ended our trip visiting the wonderful place and gardens of Karhausen-Ittingen. Above is a short selection of photos”.
