

## V8 Parts for Sale – Mallory distributor

### **Mallory Dual Spark Distributor**

Geared for a Rover V8, together with spare contact set and condenser. **£120 and £10 p&p** or collect from Hertfordshire. Call **07905 774988**.

Note: these high performance distributors have a reputation for cooking their condensers, this is owing to poor earthing, making sure the condenser clamp is tight and running an earth lead to the distributor body solves the problem.
