

Zed Ten at Duxford on Sunday 24th July 2011

Ian Quarrington reports that more than 360 cars of the ZR, ZS and ZT types and an impressive 63 ZT and ZT-T260V8s were at the ZedTen event at Duxford. The photos include (clockwise from top left) – gathering of MG Zeds, Ian Quarrington's recently acquired ZT260V8 alongside the Club's ZS 190bhp 2.5 litre V6 Safety Car used at the motorsport events organized by the Club, Darren Broxup's "flip paint" 400 BHP ZTV8 (the paint is reputed to be £1,000 per litre!) and Peter Burchill's competition ZS. Ian Quarrington notes "once again the staff from Kimber House were there on the Club stand and signed up more new members. They really do work very hard during the week and then give up their weekends for events like this. They are amazing people without whom I am sure the Club would be a poorer club in so many respects." From left to right: Chris Seaward (PR and website), Liz Allsworth (Membership secretary) and Julian White (General Manager). Andy Knott (Safety Fast! Editor) was there too. Photo: Ian Quarrington
