

## Costello MGBGT V8 in May 2012

Roger Anderson has registered his Costello MGBGT V8 with the V8 Register saying "I purchased it on 26th January 2011 and it was authenticated by Ken Costello himself in May this year – see the photo alongside with Ken standing alongside the car at Brands Hatch. It was first registered on 6th October 1970 and is finished in MG British Racing Green."

This car has been known to the V8 Register for many years. It was owned previously by Michael Squire in Cornwall (see photo, left) and Paul Denton in Wiltshire and is registered with the V8 Register as BRG 5008.
