

MGBGTV8 – Glacier White 1353

Autumn Leaf trim was the Factory choice for cars finished in Glacier White. Note the number plate illuminators mounted in the bumper, this car was close to the change point where these were moved from the overriders.

Lower section of the nearside sill and lower rear wing

Above: nearside rear wing and wheel arch. Below: offside jacking point

Underside of the nearside sill coated in underseal

Nearside wheel arch and leaf spring
Dunlop wheels from L to R: rear offside, rear
