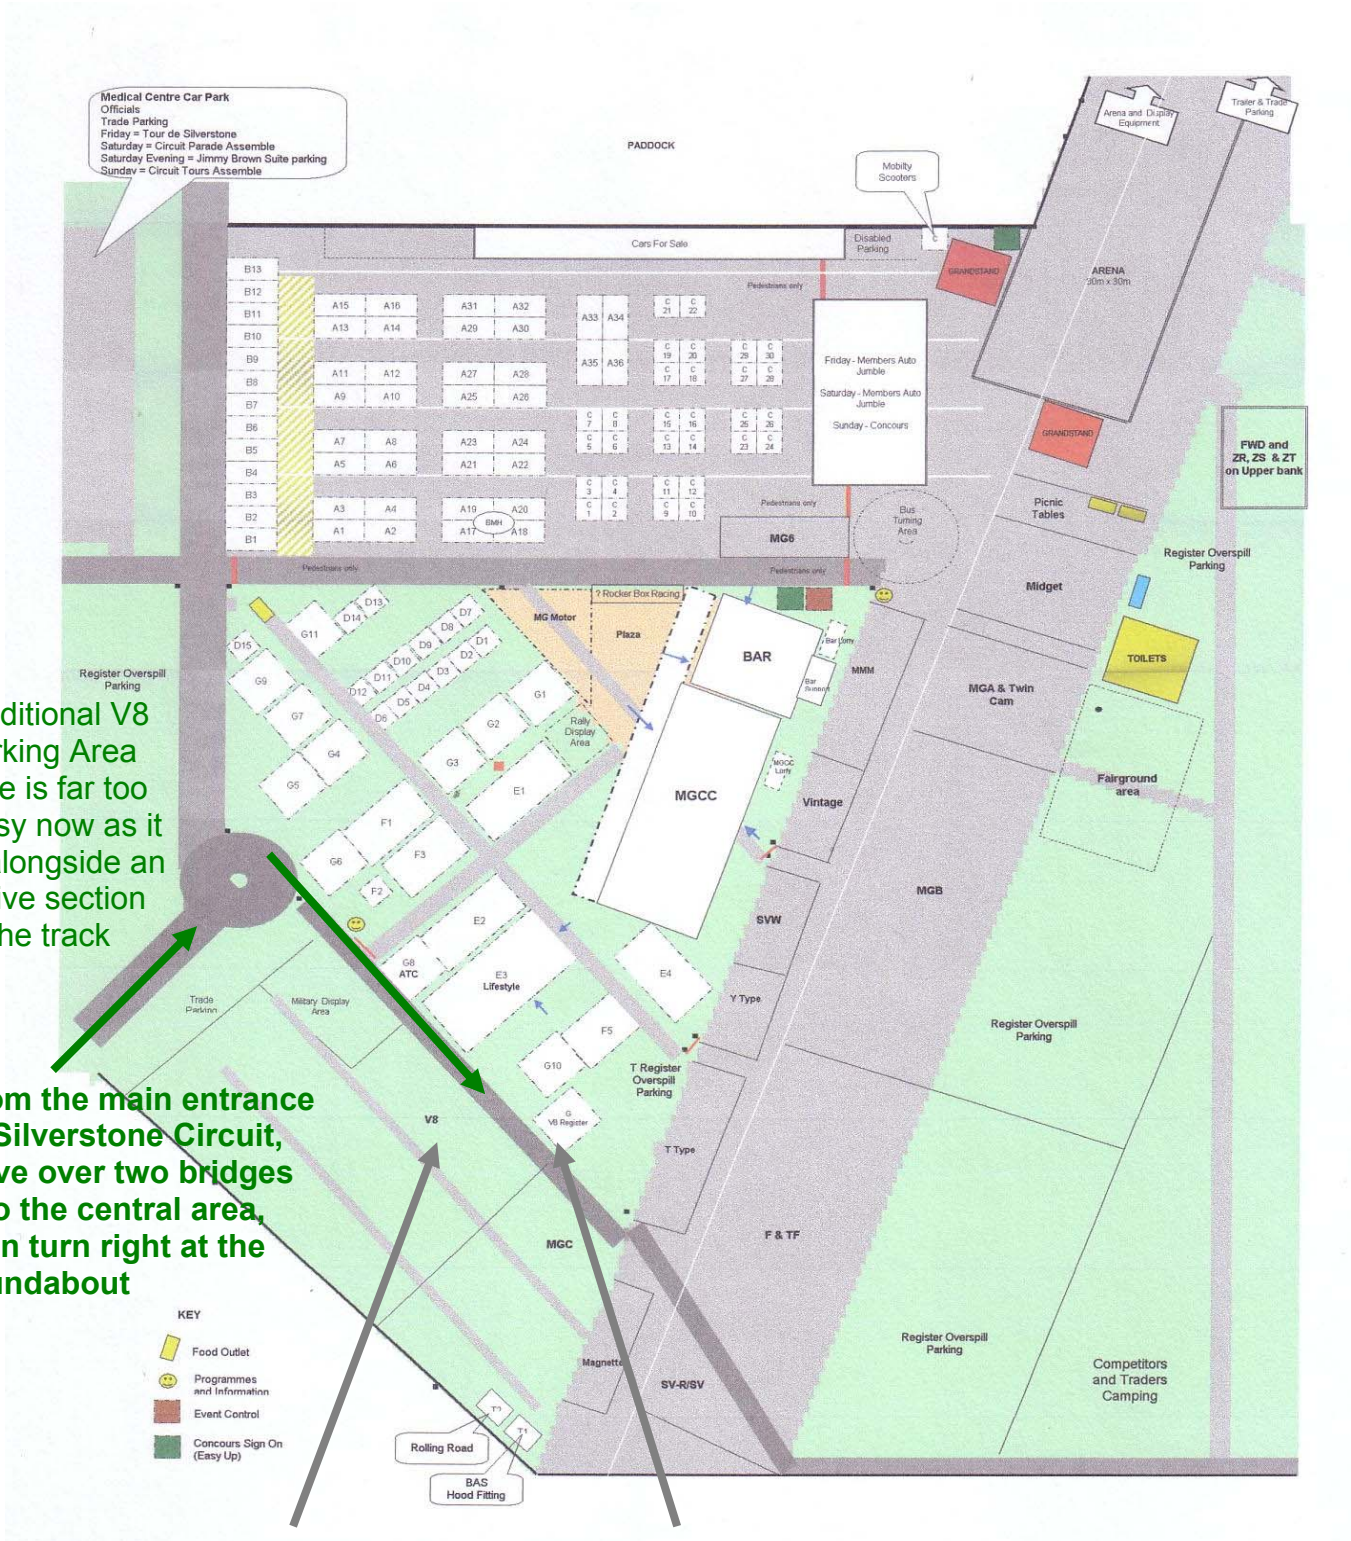
MGLive! 2011 – where will I find the V8 Register Marquee and Parking Area?



Traditional V8 Parking Area here is far too noisy now as it is alongside an active section of the track

From the main entrance to Silverstone Circuit, drive over two bridges into the central area, then turn right at the roundabout

V8 Parking Area
provides plenty of space to park up your MGV8 – the area is opposite the popular “Lifestyle” marquee

V8 Marquee
is conveniently located opposite the V8 Parking Area - all V8 enthusiasts are very welcome throughout the MGLive! weekend
