

MGBGTV8 on the Tour Britannia 2011

Jim Bryan driving at the Cadwell Park stage in 2009.

Cornbury Park, near Silverstone on Day 1 of the Tour Britannia 2009 with Jim Bryan driving and Tim Bryan navigating.

Entering this highlight of the season event for the 4th time and the third with a factory BG GT V8 I wanted to make contact with the areas we are passing through. From the selfish point of view based in Sheffield we will be a long way from normal help although the car will be fully supported by Renspeed from Gainsborough, Yorkshire. On the other hand if there are any V8 enthusiasts thinking of coming along then we will be delighted to see them, so please come and say hello. We came 10th overall (second in class) on our last attempt in 2009. The route can be seen on www.tourbritannia.com and the entry list for our competition section is impressive. Worth a look maybe. **Continued on page 2**

MGBGTV8 on the Tour Britannia 2011

Silverstone stage – waiting for the track.

Jim Bryan (centre) and Tim Bryan (right).

Tim Bryan says: we start with scrutineering next Thursday the 16th June with the competition starting in earnest first thing Friday morning. The stages start in South Wales then we spend Saturday visiting Devon and Wiltshire etc. Sunday sees us back in Wales, then Prescott and finishing at Silverstone. The team name is "DRINK IT WHILST IT'S FIZZY" which needs little explanation as I approach my 66th birthday. You can contact Tim and Jim Bryan on **07739 362871**.
