Below: connection to rocker cover

MGBGTV8 - crankcase breather arrangement

37	BHH1213	Breather, 'U' tube	1
38	603185	Clip	1
39	603185	Filter, Breather	1
40	BHH1172	Pipe, crankcase to filter	1

www.v8register.net/FilesV8WN/MGBGTV8%20Parts%20Supplement.pdf

The breather filter and "U" tube is located between the bulkhead and the back of the carburettor airbox **BHH885**. You can see the fuel filter in the background.

Breather filter connection to the crankcase

The connection to the crankcase exits the crankcase valley at the back of the engine on the righthand side. See [V8NOTE517](#) for photos and a checklist of the filter part numbers.
