From out of nowhere, a speck appears in your rear-view mirror, grows instantly larger, and you see the famed blue-and-white medallion on the bonnet. That's the brilliant BMW 2002 Coupé bearing down on you, and unless you're driving a BMW yourself, that's all you will see of it – apart from a fast disappearing rear number plate. For this is a very special car with a truly exhilarating performance. Catapult-like acceleration whips you away from the rest at a breath-taking 0-50 in 6.8 seconds; the 2-litre single carburettor engine smoothly powers you to a top speed of 113.0 mph; economical petrol consumption gives over 27 mpg. Road holding matches the very best sports cars, and with anti-roll stabilisers front and rear plus dual circuit power brakes and radial tyres, you've got the perfect combination of comfort and safety. What else? Rev. counter; 4/5 seater with reclining front seats; hazard warning lights; 15.9 cu. ft. boot space to mention a few. Move over now... to
