

Some day, you'll settle down with a nice, sensible girl, a nice, sensible house and a nice, sensible family saloon.

Some day.

Some day, the MGB's 1798cc engine with big twin SU HIFA carbs might not interest you anymore. Nor the 0-60mph in 11.6 seconds, torque of 304lb/ft at 2500rpm, 97bhp at 5000rpm, Rostyle wheels with 165SR-14 radial tyres and servo-assisted 10.25 inch front discs.

Even the independent suspension with anti-roll bars, 4-speed gearbox with overdrive, rack and pinion steering, full sports car instrumentation and interior equipment may leave you unmoved. Some day, perhaps. But surely, not yet.
