

RV8 wheels – additional markings with an early RV8 wheel

Inside the wheel centre Hugh says "it has no markings embossed into the alloy but does have a green label stuck on W.I KENT 13260".

Hugh says "the safety locking nut has 69 or 96 stamped on it, but no other markings".

RV8 wheels – additional markings with an early RV8 wheel

Hugh says "the key has M503 stamped on the top but nothing else".

Right: studs with the wording Zender.
