

V8 REGISTER AGM 2023 - FB GROUP REPORT - FB GROUP REPORT

1) We're now up to 175 members in the group. There continues to be a steady flow people asking to join our group and these are a mixture of V8 Register members, people with a general interest in MGV8's and out and out hackers/scammers.

2) Recent topics on the group have included: maintenance/restoration updates, V8 parts, members questions and reports about recent events and days out.

4) As with any online group, our group is only as good as the content provided by its members! I would, therefore, encourage all V8 Register members to join our Facebook group to enjoy the content and actively post articles for the benefit and interest of all.

Julian
