What update options are available?

Your update option depends on the last volume you have in the set of V8 Workshop Notes (V8NOTES) you have previously purchased from the V8 Register.

Updates Option 1

Where the last volume in your existing set you have previously purchased from the V8 Register is any volume up to and including Volume 14, you can buy a **new full set comprising all the 16 volumes of V8NOTES up to and including the current Volume 16 plus a Contents and a detailed Index document**. For a current Member who has previously purchased a full set of V8NOTES you can buy a **new full set at a special reduced price for Members**. The full set of V8NOTES is supplied on a Twister USB memory stick with in PDF format. This offer is [V8NOTES Updates Option 1](#) [More](#)

Updates Option 2

Where the last volume in the set of V8NOTES you have previously purchased is either **Volume 15 or 16** you can buy a **12 month updates subscription service** which provides you with a personal webpage on the V8 Website with links to Volumes 15 and 16 so you are able to download updates of the following documents in **PDF** format and **keep your set of V8NOTES up to date**:

- > **Volume 15** - download any notes you do not have in **Volume 15** of your existing set of V8NOTES and also
- > **Volume 16** - download all the new notes that are added to **Volume 16** as the series grows with further notes contributed by fellow members.
- > **Contents** – download a copy of the **Contents listing document** with a list of the complete contents of the series as it is updated with new notes.
- > **Index** – download a copy of the **detailed Index** we maintain for the V8NOTES series which enables you to look up topics and trace any notes.
- > **Manuals** – request a download of any of the documents in the current "Manuals" folder with an email to the V8 Webmaster. [Email](#)
