## Stunning RV8 in Flame Red

A stunning RV8 in the rare Flame Red body colour was sold in 2021 by longstanding V8 member David Franklin. It was an early 1993 UK specification car and one of only 16 in that colour. With 64,000 miles many extras, including a wind deflector, it was in an outstanding condition with a full service history. The previous owner in Somerset had the car for eight years and before that it was enjoyed by an owner in Dorset.

## V8 in Sorento

During a visit to Sorento John Upton was following his satnav and ended up in a narrow street which was a tight fit!

He mentions he read the article on MGBGT V8 models in the September issue of Safety Fast! and couldn't resist

getting one and feels lucky to have found one in Bracken. John purchased the car in the UK in 1992 and took it back to Malawi, Central Africa, where he worked before retiring to France.
