Updated 6 monthly MGV8 market and price review

As the various regions in the UK move out of lockdown, advertising and sales activity is likely to increase again when it's very likely more MGV8s will be seen on offer through adverts, traders' showrooms and at auctions with greater sales activity, particularly when seasonal interest in classic cars tends to rise in any case. Our charts provide a useful indication of current prices for the MGBGT V8 and MGR V8 models. The guide is also useful for reviewing the agreed value for your insurance renewal. See the two reviews and guides via our "More" page at:

V8 AGM at Malvern

The V8 AGM 2021 will be held at noon on Saturday 14th August 2021 at the Triumph & MG Weekend event at the Malvern Three Counties Showground. A formal notice and agenda will be published this month.

Enjoying memorable routes

As we emerge from the lockdown constraints many fellow enthusiasts will be keen to drive their MGV8s again and enjoy being out and about visiting interesting places. A useful source of routes is our Memorable MG Routes series including one over the Berkshire Downs and on through Faringdon to

Hook Norton, one down to Goodwood in West Sussex, another round the old Factory test route near Abingdon and three wonderful touring routes in the NW Highlands. Above is a long view down to Ullapool from Braemore Junction on the A835 from Inverness to Ullapool. You can see all the routes at: www.v8register.net/mmgr/mmgr.htm
