### Enjoyable V8 Tour in North Yorkshire

Driving over the moors of North Yorkshire with the heather still in bloom was a real pleasure for members on the tour. They were on their way to visit Castle Howard and its beautiful gardens recalling their connection with Brideshead Revisited. Later during dinner at the tour hotel, Dunsley Hall near Whitby, members heard an amusing and informative talk on the Dracula connection with nearby Whitby.

Another run over the moors, surely some of the most beautiful routes in the UK, visited many of the villages and landmarks seen in the Heartbeat television series. On the Sunday

an underground visit to the Cleveland Iron Museum and exploring the many small fishing villages along the coast made for a relaxing day. During dinner members were stunned by some truly amazing table top magic from a very able entertainer.

On the final day members motored south over the moors to Eden Camp near Malton, an ex-Italian prisoner of war camp, which is now a popular museum.

Members on the tour felt it was a very successful and enjoyable tour and particularly well planned and arranged by Robert and Stella Crowson.
