The **User Control Panel** webpage pops up, then click the tab **Profile** whereupon a webpage pops up with the various datafields you can **edit for your profile** – website, location, occupation, interests and telephone number.

You can also **edit your signature** which is a block of text that can be added to posts you make on the V8BB. There is a 255 character limit to the signature.

You can also **edit your account settings** – these are your full name and your email address - and you can create a new password too if you wish.
